2. To browse all available newspapers from a country or region, choose **Map Search** located on the home page and choose a region from the world map.

Searching Tips:

1. The search function is **great for research!**
2. To run a **simple Google-like search** to find news and information on a **subject** or **topic**, enter your search terms into the search box at the top of the home page.

3. It can be handy to use "quote marks" to search for an exact phrase.
4. Choose **More Search Options** to run a complex search, enter your keywords as well as the parameters you are interested in, such as date or author. Use the plus and minus symbols to add extra search rows to do this.
5. You can also use the bar at the left hand side of your screen to add **filters** after running a search. You may limit your results to, for instance, a particular newspaper, location or date range.
6. The **Create Alert** and **Saves Search** buttons at the top of each search list will allow you to save searches to easily access next time and send alerts straight to your email.
