

Babies need words every day

Let's talk!

It's a tickle for your nose
And a tickle for your toes
And a tickle for your tummy,
where the yummy food goes.
Hands go high,
Hands go low,
A great big wave to say hello!

Children learn when you talk, play, read, sing, dance and move together.

Talking often with your baby - from day one - is one of the most important things you can do to help them develop language and communication skills.
